

Magic

Robin Packalen

The magic
In your life
Take a chance follow me
'N soon you will see that
I'm everything you are

And I just want you to always be yourself
See everything is alright

'Cause I came here to dance til' the morning light
And I came here to live in the magic life
'Cause all we are...
Is sirens in the night

You just need to love yourself
You already have all of the answers

I don't wanna wake myself
I just wanna live this dream forever

Can see your soul in the moonlight
Come and cast your spell on me
Let me into paradise
And you know what you need

So come and fly with me
To a brighter place
And baby we can both ride

And I just want you to always be yourself
See everything is alright

'Cause I came here to dance til' the morning light
And I came here to live in the magic life
'Cause all we are...
Is sirens in the night

Oh you just need to love yourself
You already have all of the answers

No I don't wanna wake myself
I just wanna live this dream forever

Are you feelin' it too
Yeah, it's in me, it's in you

When the sun falls
The moon calls
When the stars drop down
Is when we come around

Baby we're right on time
Lately we always shine
We just gotta breathe in slow
We just gotta let it go

Take off out of sight

Share your heart tonight
Trip into the light
Magic in the night

'Cause I came here to dance til' the morning light
And I came here to live in the magic life
'Cause all we are...
Is sirens in the night

Oh you just need to love yourself
You already have all of the answers

No I don't wanna wake myself
I just wanna live this dream forever
