

YOU

Robin Packalen

The sun shining bright in the city
I'm feeling kinda dizzy
I'm sick of all the lights
But darling, tonight you're so pretty
Oh you were my Achilles
My double sided knife

I'm sorry I've been missing
Yeah my mind's been racing
My cognition always beating overdrive
And it's funny how I end up in the same place
Hedonic in the worst way
But I'll be alright

Cuz I see more than that
Need you but I'm holding back
For this I'd go to bat

I just want YOU
I just want YOU
I'm driving westbound in the right lane
You're still stuck in my brain
I just want YOU

This love is become almost [?]
This sounded like a waterfall
Coming from the sky
The voice in my head on the stereo
Playing like a cameo
Give me your respite

I'm sorry I've been missing
Yeah my mind's been racing
My cognition always beating overdrive
And it's funny how I end up in the same place
Hedonic in the worst way
But I'll be alright

Cuz I see more than that
Need you but I'm holding back
For this I'd go to bat

Cuz I see more than that
Need you but I'm holding back
For this I'd go to bat

I just want YOU
I just want YOU
I'm driving westbound in the right lane
You're still stuck in my brain
I just want YOU

(I just want YOU)

Cuz I see more than that
Need you but I'm holding back
For this I'd go to bat

Cuz I see more than that
Need you but I'm holding back

I just want YOU
