

# It Must Be Love

Robin S

Must be love  
It must be love, talkin' 'bout love  
Must be love  
It must be love, talkin' 'bout love

Something's got me upside down  
And I never been like this before  
Something's got me goin' in and out  
And I never moved like this before

Something's glowin' 'round my eyes  
And I never looked like this before (Oh, no, no, no, no, no)  
Something's brought this girl to life  
And I never felt like this before  
And I'm sure that was something that happened to me

Must be love  
It must be love, talkin' 'bout love  
Must be love (Ah ah ah ah ah )  
It must be love, talkin' 'bout love (Oh, listen now)

Something's caught me by surprise Must be love  
And I never opened up before Ooh  
Something's got me mystified Must be love  
And I never lost my cool before Ooh, ooh, ooh

Something's racing my heart beat  
And I never lost like this before (Never, never, never)  
Something's got a hold of me  
And I never (Ah) touched like this before  
And I know that was never is happening to me

Must be love (Ah ah ah ah )  
It must be love, talkin' 'bout love  
Must be love (Ooh, ooh, ooh-wee, baby)  
It must be love, talkin' 'bout love

Ah whoa whoa ah ooh ah eee

Must be love (Ah ah ah ah ah yeah)  
It must be love, talkin' 'bout love  
Must be love (Ooh ooh )  
It must be love, talkin' 'bout love

Must be love (Ooh, ooh, ooh, baby)  
It must be love, talkin' 'bout love  
Must be love (Must be, must be)  
It must be love, talkin' 'bout love

Must be love (Got me upside down)  
It must be love, talkin' 'bout love (Got me goin' in and out)
