

Dream

Robin Schulz

Down by the ocean, you woke up, I'm still asleep
All my memories got inspired by the rhythm, yeah
Oh, it's time to begin
Spread love I've made, time to dream

You won't know my name
Please come, girl, we'll stay
Together, we check up old roads
I want you, my dear
Get off all the way
Together, we pick up the stars (The stars, the stars)

Don't stop, my love, you've got to know 'bout my dreams (Don't know, yeah)
That magical word outside, it's time for our restless journey (Oh-
oh, our journey, oh)

Turn on my way
Rise up and stay
Hey, hey, oh

You won't know my name
Please come, girl, we'll stay
Together, we check up old roads (Old roads, old roads)
I want you, my dear
Get off all the way
Together, we pick up the stars (The stars, the stars)
True unknown, where we go
Doesn't mean you're right or wrong
We'll just have some fun

Yeah
Oh, oh, oh
I'm coming [?]
Yeah, yeah
Say oh, yeah
I'm coming [?], yeah

You won't know my name
Please come, girl, we'll stay
Together, we check up old roads (Old roads, old roads)
I want you, my dear
Get off all the way
Together, we pick up the stars (The stars, the stars)
True unknown, where we go
Doesn't mean you're right or wrong
We'll just have some fun

Some fun, some fun
Doesn't mean you're right or wrong
Some fun, some fun
Doesn't mean you're right or wrong
Some fun, some fun
Some fun, some fun
