

Fugazi

Robin Schulz

Everybody's out here on a late night
Doin' white lines 'til the sunrise, yeah
I'm just here to take in the view
Good times, gettin' tongue-tied with you's so right, I
Everybody's out here on a late night
Doin' white lines 'til the sunrise, yeah
I'm just here to take in the view
Good times, gettin' tongue-tied with you's so right, I

I'm just here to take in the view, I'm just here to take in the view
I'm just here to take in the view, take in the view, take in the view
I'm just here to take in the view, I'm just here to take in the view
I'm just here to take in the view

Everybody's out here on a late night
Doin' white lines 'til the sunrise, yeah
I'm just here to take in the view
Good times, gettin' tongue-tied with you's so right, I
I'm just here to take in the view
The view

Hazy
Flyin' on the wall when others let loose
But it's fugazi or fugazi
From the outside, no, it doesn't make sense

Everybody's out here on a late night
Doin' white lines 'til the sunrise, yeah
I'm just here to take in the view
Good times, gettin' tongue-tied with you's so right, I

I'm just here to take in the view, I'm just here to take in the view
I'm just here to take in the view, take in the view, take in the view
I'm just here to take in the view, I'm just here to take in the view
Take in, take in, take in the view

Everybody's out here on a late night
Doin' white lines 'til the sunrise, yeah
I'm just here to take in the view
Good times, gettin' tongue-tied with you's so right, I
I'm just here to take in the view
The view
I'm just here to take in the view

I'm just here to take in the view
