

Sweet Goodbye

Robin Schulz

I love the moonlight
Fuck the sunshine
Sweet, sweet goodbye

Maybe I was blinded by blessings
But I know that, no go back
Never gonna know but I guess that
We were gold dust, ooh-woah

And she said, she said, "Remember, when we're done"
Life goes on and

I love the moonlight
Fuck the sunshine
Your sweet, sweet goodbyes
Yeah, I love the moonlight
Underneath the sad sky
Sweet, sweet goodbyes
Sweet, sweet goodbye

Sweet
Sweet, sweet goodbye
Underneath the sad sky
Dream
Dream, dream so high
Just another sweet goodbye

When we don't message
I feel the tension
Where you goin' tonight? Oh yeah
All the pressure
It's on my chest, and
I just wanna cry

And she said, she said, "Remember, when we're done"
Life goes on and

I love the moonlight
Fuck the sunshine
Your sweet, sweet goodbyes
Yeah, I love the moonlight
Underneath the sad sky
I'm on a high
Sweet, sweet goodbye

I love it
It's alright, ah-ah-ah

But I love the moonlight
Fuck the sunshine
Your sweet, sweet goodbyes
Yeah, I love the moonlight
Underneath the sad sky
I'm on a high
Sweet, sweet goodbye

Sweet
Sweet, sweet goodbye
Underneath the sad sky
Dream
Dream, dream so high
Just another sweet goodbye
(Sweet goodbye)
