

Upside Down

Robin Schulz

Seventeen days since you left in your car
Got vertigo. Where did you go?
Are we upside down?
Are we upside down?

Stubborn hearts keep us apart, never breaking
Where do we go? Never know
When we're upside down
We're upside down

Are we upside down?
Upside down?
Are we upside down?
Upside down?
Are we upside down?
Upside down?
Are we upside down?

Seventeen days since you left in your car
Got vertigo. Where did you go?
Are we upside down?
Are we upside down?

Stubborn hearts keep us apart, never breaking
Where do we go? Never know
When we're upside down
We're upside down

Are we upside down?
Upside down?
Are we upside down?
Upside down?
Are we upside down?
Upside down?
Are we upside down?

Are we upside down?
