

# World Gone Wild

Robin Schulz

We were talkin' outside 'til the sunrise  
We stood on the edge of a new life  
And that dark alleyway felt like a paradise  
Never been the same, been the same, ever since that night

Two eyes and they move towards me  
Lightnin' when they finally meet  
Lost souls lookin' for a sign  
Now we found our home in a world, in a world gone wild

Now we found our home in a world, in a world gone wild

We were talkin' outside 'til the sunrise  
We stood on the edge of a new life  
And that dark alleyway felt like a paradise  
Never been the same, been the same, ever since that night

Two eyes and they move towards me  
Lightnin' when they finally meet  
Lost souls lookin' for a sign  
Now we found our home in a world, in a world gone wild

Now we found our home in a world, in a world gone wild

Now we found our home in a world, in a world gone wild  
Two eyes and they move towards me  
Lightnin' when they finally meet  
Lost souls lookin' for a sign  
Now we found our home in a world, in a world gone wild

Now we found our home in a world, in a world gone wild
