

## Brand New Luv

Robin Thicke

It's a new love it's a new day it's a new world it's a brand new love

You and me babe one on one

I never thought I'd be so happy with my new love

Like the first fall of snow

Rainy days with you to hold

Bare feet on the beach

Skinny dipping you and me

Don't matter if it's cold

I got you to keep me warm

You make me feel just like a child

I just wanna make you smile

We're just walking in the park

Holdin' hands til it gets dark

It's so simple babe we just wanna be in love

It's a new love it's a new day it's a new world it's a brand new love

You and me babe one on one

I never thought I'd be so happy with my new love

It's a new love it's a new day it's a new world it's a brand new love

You and me babe one on one

I never thought I'd be so happy with my new love

Come and sit on my lap

I can't get enough of that

My finger tips on your back

I just wanna make you smile

You never have to be alone oooh

You got me to keep you warm

I change the way you look at me

I just wanna make you smile

We're just sitting on the dock of the bay

Watching the past go by

With the resiliens under your skirt

Give you my jacket and hold you close ooohh

It's a new love it's a new day it's a new world it's a brand new love

You and me babe one on one

I never thought I'd be so happy with my new love

It's a new love it's a new day it's a new world it's a brand new love

You and me babe one on one

I never thought I'd be so happy with my new love
