

# Fire It Up

Robin Thicke

Fire it up, fire it up now

Don't you wanna see  
If we're something supposed to be  
Or we're just a couple freaks  
Cause I want you want you to love me

Fire it up  
My sweetest dream  
My spirit love  
My energy  
Fire it up now  
Hands on me  
My spirit needs  
Your energy  
Fire it up

Baby please  
Say you used to be a tease  
Let your body feel the beat  
Cause I want you want you to want me

Fire it up uh  
Love me love me  
Don't let me go  
Don't wanna be free  
Fire it up now  
Yes indeed  
My spirit love  
My energy  
Fire it up

I want this to be  
What my parents only dreamed  
And I'm ready to believe  
Cause I want you want you to love me

Fire it up

Sweet Dreams  
Sweet sweet dreams  
Sweet Sweet dreams baby

Fire it up now  
Sweet sweet dream  
Dream your dream  
Fire it up now  
Sweet sweet dream  
Sweet sweet dream

Fire it up  
Can't get enough  
My spirit leaves  
Got me burning up  
Fire it up now  
Can I get even  
I'm feeling you

You're feeling me  
Fire it up now  
Fire it up  
Fire it up now  
Dream your Dream
