## **Robin Thicke**

```
She's so hard on my love
Her name was jessica
I met her in the bathroom
It was on it was off it was good it was bad, yea
I took her to the movie
Had a little popcorn
And I guess when I looked at her shirt, just cause
She's so hard on my love
All you got do to is
Lay with me, baby stay with me, baby.
All you got to do is
Lay me with me, baby stay with me, baby
Six months later
Ain't nothin' new going on here
I ain't kiss on no lips
Since the last time you heard from me
You're so hard on my love
All you got do to is
Lay with me, baby stay with me, baby.
All you got to do is
Lay me with me, baby stay with me, baby
Oh!
I don't wanna lose you
But I don't wanna get lost
It'd be easy to see eye to eye
If you'd come down off of your high horse
All you got do to is
Lay with me, baby stay with me, baby.
All you got to do is
Lay me with me, baby stay with me, baby
Oh!
She's so hard on my love
