

# It's in the Mornin'

Robin Thicke

[Spoken:]

We are one with the universe  
The sky is falling and the only thing that can save us now  
Is sensitivity and compassion

Da Da Da, Da Da Da Da Da Da [x2]  
oooo

[Spoken:]

And I know one thing's for sure (ooooo)  
I'm gonna get my kicks before it all burns down

[Lil Wayne:]

Yea, Some say tragedy's hard to get over,  
But sometimes that tragedy means its over  
soldier from the academy leauge of folers I deny being down  
Tho they seem to hold us  
My shoulders are strong I prove em wrong  
I ain't doin' nothing but movin' on  
Let the truth be known  
But they talk that freedom at us  
And didn't even leave a ladder  
Damn

?

We all got problems, problems  
?  
No one's going to save us now  
How you feel, you're not alone  
We're all just jealous, jealous  
We don't reach the sky no more  
We just cant overcome, noo

[Chorus:]

Tie my hands, what am i gonna be  
What have I done so bad  
What is my destiny, ooh

You tied my hands,  
What have I done so bad

[Lil Wayne:]

I knock on the door  
hope isn't home  
Fate's not around the luck's so gone  
Don't ask me what's wrong  
ask me what's right and I'ma tell you what's life  
And did you know I lost everything  
But I ain't the only one  
First came the hurricane then the morning sun  
excuse me if I'm on one and don't trip if i light one  
I walk a tight one  
They try to tell me keep my eyes open  
My whole city under water  
Some people still floating  
And they wonder why black people still voting  
Cause yo president still choking

Take away the football team  
and the basketball team  
and all we got is me to represent New Orleans  
No governor, no help from the mayor  
just a steady beating heart and a wish and prayer  
Let's pray

These friends, they come and go  
But I got family, family  
These kids, so fast they grow  
They learn so quickly now  
That there's no where to go  
That there's no future, future  
Don't make this seem so vogue  
And we cant overcome

[Chorus:]

You tie my hands  
what am I gonna do  
what have I done so bad  
what is my destiny  
you tie my hands  
what am I supposed to see  
what have I done so bad  
what am I gonna be

[Lil Wayne:]

Yea, And if ya come from under that water  
Then there's fresh air, just breathe baby  
God's gotta blessing to spare  
Yes, i know the process is so much stress  
But its the progress that feels the best  
Cause i came from the projects Straight to success  
And you're next so try, they cant steal your pride that's inside  
Then find it and keep on grinding  
Cause in every dark cloud there's a silver lining  
I know, Yea, Yea, Yea

[Spoken:]

See, Right now we just riding on love  
A shine in the dark, we ain't trying to do nothing but hit the heart  
We need love. That's all.  
Yea, Born right here in the USA.  
but due to tragedy, looked on by the whole world as a refugee  
so except my emotion, do not take it as an offensive gesture  
its just the epitamy of my soul  
and I must be me, we got spirit yall  
we got spirit  
we got soul yall  
we got soul  
they don't want us to see  
But we already know
