

Ooo La La

Robin Thicke

You came and soaked that day
I fell in love that day
You gave me love that day
I'm thinking up that day
You gave me some that day
I fell in love that day
Can't enough that day
I'm thinking up that day

To meet out in rose, stays by her man
She was a party, she loved to dance
Won't raise me voice, won't raise my hand
Keep telling your story, I understand

You can have my money
You can have my money
You can have my soul if you want it too
You can come upon it
I wanna solve it,
Cause I can't get over you

You came and soaked that day
I fell in love that day
You gave me love that day
I'm thinking up that day
You gave me some that day
I fell in love that day
Can't enough that day
I'm thinking up that day

Took a lot of time
See through my disguise
We first to carry, electrified
Keep me to the cup, I keep hating on
You make me peak, but you make it strong

You can have my money
You can have my money
You can have my soul if you want it too
You can come upon it
I wanna solve it,
Cause I can't get over you

Stop all other walls
Chicker than pill walls
Rose waterfalls
There's enough bedroom
Less more open rooms
The world is mine as long as I'm with you

Ooo la la

You came and soaked that day
I fell in love that day
You gave me love that day
I'm thinking up that day
You gave me some that day

I fell in love that day
Can't enough that day
I'm thinking up that day

You can have my money
You can have my money
You can have my soul if you want it too
You can come upon it
I wanna solve it,
Cause I can't get over you

You can have my money
You can have my money
You can have my soul if you want it too
You can come upon it
I wanna solve it,
Cause I can't get over you

You came and soaked that day
I fell in love that day
You gave me love that day
I'm thinking up that day
You gave me some that day
I fell in love that day
Can't enough that day
I'm thinking up that day

You came and soaked that day
I fell in love that day
You gave me love that day
I'm thinking up that day
You gave me some that day
I fell in love that day
Can't enough that day
I'm thinking up that day

Ooo la la
Ooo la la
Ooo la la
Ooo la la
