

Out Of My Mind

Robin Thicke

I like it here, out of my mind, ooh, ooh
I think of you all the time, oh yeah
If I close my eyes
I can see you dancing in the moonlight
I like it here, out of my mind
Yeah

I've been high, I've been low
Rich and poor
In luck and out of touch
I was held and embraced by your loving arms
Took me in, gave another look
You've got on that red dress and the smile
That made Adam believe he was God
Oh, I don't really care what's real or not

I like it here, out of my mind, ooh, ooh
I think of you all the time, oh yeah
If I close my eyes
I can see you dancing in the sunshine
I like it here, out of my mind

Oh baby, you look so delicious tonight
Oh, come on make the wrongs a little more right
Laughing by the poolside, soaking wet
It's so good it erases regret
Oh, I hope it's a dream I'll never forget

Ooh, ooh, ooh, ooh, ooh
Ooh, ooh, ooh, ooh, ooh
Ooh, ooh, ooh, ooh, ooha
Out of my mind
Out of my mind
Out of my mind, oh

I like it here, out of my mind, ooh
I think of you all the time, ooh
If I close my eyes
I can see you dancing in the moonlight
I like it here, out of my mind, ooh
