

# Tippy Toes

Robin Thicke

Well she hears her favorite song  
Screams at her friends  
Jumps on the couch  
Takes another sip  
Man when you see her you'll be standing with an open mouth  
Cause she's the Eiffel tower and she's new in town

She be dancin' on her tippy toes  
Her tippy toes  
Dancin' on her tippy toes  
Her tippy toes  
Everywhere my baby goes  
Its tippy toes  
Dancin' on her tippy tippy tippy tippy toes  
Dancin' on her toes  
Dancin' on her toes (Tippy toes)  
Dancin' on her tippy toes  
Her tippy toes (Tippy toes)  
Now everywhere my baby goes  
Is tippy toes (Tippy toes)  
Dancin' on her tippy tippy toes

She's a feather from a dove in a gust of wind  
On her own in the clouds, never has to land  
Right now is the day when her story begins  
She's the leader of the movement of the heart and hips

Straight A's, good girl, loves her mom and dad  
She ain't greedy, but she wants so much more than she has  
When she looks in the mirror she can love herself  
Cause she doesn't want to be like anybody else

And when the world, when the world comes a tumbling down  
She'll change your clothes to a smile when you're wearing a frown  
Can I please have your attention, people gather 'round  
Cause she's the northern lights and she's new in town

She be dancin' on her tippy toes  
Her tippy toes  
Dancin' on her tippy toes  
Her tippy toes  
Everywhere my baby goes  
Its tippy toes  
Dancin' on her tippy tippy tippy tippy toes  
Dancin' on her toes  
Dancin' on her toes (Tippy toes)  
Dancin' on her tippy toes  
Her tippy toes (Tippy toes)  
Now everywhere my baby goes  
Is tippy toes (Tippy toes)  
Dancin' on her tippy tippy toes

She's sweet like the beginning and the end of summer  
Little kisses on your face make you wanna love her  
Never walks, only skips, sashays and struts  
She can twerk, but she'd rather dip, bounce it, and bust  
She hears her favorite song

Screams at her friends Jumps on the couch  
Takes another sip  
Man when you see her you'll be staring with an open mouth  
Cause she's the Mona Lisa and she's new in town

She be dancin' on her tippy toes  
Her tippy toes  
Dancin' on her tippy toes  
Her tippy toes  
Everywhere my baby goes  
Its tippy toes  
Dancin' on her tippy tippy tippy tippy toes  
Dancin' on her toes  
Dancin' on her toes (Tippy toes)  
Dancin' on her tippy toes  
Her tippy toes (Tippy toes)  
Now everywhere my baby goes  
Is tippy toes (Tippy toes)  
Dancin' on her tippy tippy toes

Angel eyes, angel eyes, angel eyes on the floor  
Angel eyes, angel eyes, angel eyes at my door  
Angel eyes, angel eyes, angel eyes in my bed  
Angel eyes, angel eyes, only you in my head  
Angel eyes, angel eyes having so much fun  
Angel eyes, angel eyes always on the run  
Angel eyes, angel eyes if you open 'em wide  
You will see you should be tippy toeing with me

She be dancin' on her tippy toes  
Her tippy toes  
Dancin' on her tippy toes  
Her tippy toes  
Everywhere my baby goes  
Its tippy toes  
Dancin' on her tippy tippy tippy tippy toes  
Dancin' on her toes  
Dancin' on her toes (Tippy toes)  
Dancin' on her tippy toes  
Her tippy toes (Tippy toes)  
Now everywhere my baby goes  
Is tippy toes (Tippy toes)  
Dancin' on her tippy tippy toes
