

Fool

Robin Trower

Now other arms will hold her that could have been mine
I should have been bolder, I've wasted my time
Down deep in my hear I know I was too cool
Now I must play out the part of, the part of a fool
Fool, sad and lonely fool
All of my days are friendless, my nights are so cold
Damned to a search that is endless, I'm chasin' fools' gold
You, you could have told me baby, if I was too cool
Now I must play out the part of, the part of a fool
Fool, sad and lonely fool
Fool
Down, down deep in my heart I know I was too cool
Now I must play out the part of, the part of a fool
Fool, sad and lonely, fool
Sad and lonely fool
Sad and lonely fool
Fool, fool ,fool, fool I'm lonely
Sad and lonely fool
I'm lonely, yeah
Sad and lonely fool
Fool, fool
Nothing but a fool
Sad and lonely fool (etc.)
