

## Go My Way

Robin Trower

Now you think your life is drifting  
The hope you had just pushed aside  
No idea, no inclination  
To swim against the tide

Once you knew the road to freedom  
Once you knew right from wrong  
To reach this place you must have reason  
Don't want too long

Here's somebody you can lean on  
Go my way

Here's somebody you can lean on  
Go my way

Out beyond the shallow dreaming  
Will the mind begin to fade  
Go to where the light is streaming  
Don't be afraid

You could learn to brave tomorrow  
Let them now the sheet unwind  
Was that joy or was that sorrow  
You left behind

Here's somebody you can lean on  
Go my way
