

# I Want You Home

Robin Trower

Tell your heart to lead and be forgiven  
Love can be a light but like a stone  
Be a friend indeed and vote for living  
I want cha home  
I want cha home

Remember what we are to one another  
You don't see our love as dead and gone  
We have come too far to call it over  
I want cha home  
I want cha home  
I want cha home  
I want cha home

Turn another leaf and make it better  
Turn away the grief and make it new  
I want cha home  
I want cha home  
I want cha home  
I want cha home

Turn another leaf and make it better  
Turn away the grief and make it new  
I want cha home  
I want cha home  
I want cha home  
I want cha home
