

On Fire Like Zsa Zsa

Robin Trower

Damned if she ain't got the world falling at her feet
Damned if she catches you and drives you to the beat
Cool down in St Tropez, to the heights of LA
What she won't do for money don't come into play

Crucify you like Zsa Zsa
Let the games begin
For goodness sake mama
How you feelin' then

The creatures got diamond eyes
And a heart of cool
I'm gone
I'm love

Experience is a notion until you've tried
Way she pays emotion perfect crime
Eyes wide open
Thought I knew the score
She'd be asking for nothing
But taking more and more

Crucify you like Zsa Zaza
Just Let the games begin
For goodness sake heartbreakin' mama
How you feelin' then
For goodness sake god forsaken mama
You got the world and then
The creatures got diamond eyes
And a heart of cool
I'm gone
For sure I'm love

Who could murder like Zsa Zsa
The girl goes out to win
The creatures got diamond eyes
And a heart of cool
I'm know
I know
