

# Prisoner of Love

Robin Trower

You made me like a prisoner  
Caught by my love for you  
You made me like a prisoner  
Prisoner of love

You got me where you want me  
I'm so in love with you  
You got me where you want me  
What could I do?

Find the chains to bind me up  
And throw away the key  
Find the chains to tie me down  
Your faith has set me free

You'll be my judge and jury  
But I can't bring enough  
Forever, now and always  
Prisoner of love

Find the chains to bind me up  
And throw away the key  
Find the chains to tie me down  
Don't ever set me free

You'll be my judge and jury  
But I can't bring enough  
Forever, now and always  
Prisoner of love
