

Tangled Love

Robin Trower

Tangled love
All tangled up
Tangled love
Between the three of us

Someone's gonna break
Let's lay it on the line
In this unhappy state you can't play for time

Tangled love
All tangled up
Tangled love
Between the three of us

Learned to open up my eyes
I can see how this will end
Am I the only one surprised that it's someone I called a friend
?

Tangled love
All tangled up
Tangled love
Between the three of us

You can tell me what you want
But I won't try to please you
I hope that you don't think that I still need you

Tangled love
All tangled up
Tangled love
Between the three of us

Tangled love
All tangled up
Tangled love
All tangled up
Tangled love
All tangled up
Tangled love
All tangled up
Tangled love
