

The Perfect Wrong

Robin Trower

Forget about what you had
Let it all go
Maybe something good can
Come outta what you do
It feel like a shakedown
Like Salvador Dali do
There's something you can take now
That's not a [?] but new

We don't drop what you achieve
That can help us see it through
It sure made a lotta sense to me
It's the perfect wrong for you

we've seen a lot of love's culpable
I pray to circumstance
This is nothing like a TV show
He won't deserve a second chance

So don't drop what you achieve
That can help us see it through
It sure made a lot of sense to me
It's the perfect wrong for you
