

Meant To Be

Robotaki

My hand are tied behind the back
I've got no room to move at all
All this fighting is so meaningless
You back me up against the wall, wuu
You know it isn't hard to see, wuu
I know it can't be only me

This life we're living can't be always what we wanted
You've got to come and trust me now

We meant to be free, just meant to be
Don't meant to be free, just meant to be
Just meant to be

Look at all the time we've wasted
Wondering if you're the one
It doesn't had to be so complicated
Why is it so hard to run?
Can't you see, do you see
It not to suppose to be like this

A single step away from bliss

This life we're living can't be always what we wanted
You've got to come and trust me now

We meant to be free, just meant to be
Don't meant to be free, just meant to be
Just meant to be
