

The DJ's Got a Gun

Robots in Disguise

Everybody put your hands in the air and get
Down on the floor

Oo oo' oo oo'

They were sitting down and drinking

They were hanging out and talking

But they wouldn't move to the dj's groove

An it got the dj raging!

"have you got any old school hip hop?

have you got any thrash-rock bebop?

Have you got anything a bit more uptempo?

Handbag? techno? disco? electro?"

Aaaaaaaargh!

You better run

Cos the djs got a gun

Gonna end your fun

Cos the djs got a gun

(2x)

They were standing round and posing

They were chilling out n smoking

But they wouldn't move to the dj's groove

An it got the dj raving!

"have you got any old school hip hop?

have you got any thrash-rock bebop?

Have you got anything a bit more uptempo?

Handbag? techno? disco? electro?"

You better run

Cos the djs got a gun

Gonna end your fun

Cos the djs got a gun

(2x)

Everybody put your hands in the air and get

Down on the floor

Get Down on the Floor - Get Down on the Floor

(2x)

You better run

Cos the djs got a gun

Gonna end your fun
