

# Solpadeine

Robyn Hitchcock

Last night I dreamed an angel kissed me  
Solpadeine  
Last night I dreamed an angel kissed me  
Solpadeine, Solpadeine  
And God had a feeling that turned into a girl  
And then a woman  
And then her bones  
Solpadeine  
And today I woke beside you  
Solpadeine  
Oh today I woke beside you  
Solpadeine, Solpadeine  
And I had a feeling that burned into my heart  
And then my other, and then my bones  
Solpadeine  
Oh how can I walk without you  
Solpadeine  
Oh how can I walk without you  
Solpadeine, Solpadeine  
Ill die in the bedroom with the windows open wide  
And all my family except for you  
Solpadeine  
I was waiting for the Soft Boys  
Solpadeine  
I was waiting for the Soft Boys  
Solpadeine, Miss Solpadeine  
And I saw them coming across the dying grass  
That long hot summer you were born  
Solpadeine, Solpadeine, Solpadeine
