

# The Beauty of Earl's Court

Robyn Hitchcock

Money makes the world go wrong  
So what, who cares?  
Gonna waste some time tonight  
I haven't in many years

That's the beauty of Earl's court

Facing the Australians  
It happens every day  
Sucking on your aliens  
And pissing two and away [?]

That's the beauty of Earl's court  
Earl's court, Earl's court, Earl's court, Earl's court  
Earl's court, Earl's court, Earl's court, Earl's court

Like the canyons of New York  
But not as filthy or cool  
It's the kind of place that  
They don't tell you about in school

That's the beauty of Earl's court  
Earl's court, Earl's court, Earl's court, Earl's court  
Earl's court, Earl's court, Earl's court, Earl's court

[?] to afternoons  
Where nothing matters at all  
See the rubber gloves inflating  
Poking out of the wall

That's the beauty of Earl's court

Earl's court, Earl's court, Earl's court, Earl's court  
Earl's court, Earl's court, Earl's court, Earl's court

I've got to find another home  
I've got to find another home  
And 'til morning comes I wake in bed  
Look to see that I'm not dead

Start out young and beautiful  
End up old and diseased  
They can cage your real age  
You're full of rings like a tree

That's the beauty of Earl's court  
Earl's court, Earl's court, Earl's court, Earl's court  
Earl's court, Earl's court, Earl's court, Earl's court

Standing by the underground  
The bubbles rise in the air  
Gonna waste some time tonight  
I haven't done that in years

That's the beauty of Earl's court  
Earl's court, Earl's court, Earl's court, Earl's court  
Earl's court, Earl's court, Earl's court, Earl's court
