

# Sincerely, Drunk Me

Robyn Ottolini

If your stupid ex sends you a text  
I won't judge you if you answer it  
One more drunk hookup, ha, ain't gonna hurt ya  
I don't think so, at least  
So you peed in inappropriate places (whoops)  
And you eat burgers when you been wasted  
I won't tell the police you're a vegetarian (unless they ask, I can't lie)

But now you're here in this bathroom  
Crying and judging yourself, stop that  
Here's some standup advice  
From a girl who can't stand up herself

If you think that you're shitty, you're probably not  
Love that outfit, where'd you get that top?  
Yeah, nobody hates ya, especially me  
Hakuna ma-vodka, no worries, baby  
Don't think for a second you're not, like, totally worth it  
Your mascara isn't running, your makeup's not ruined  
This message was brought to you by the messing-up queen  
Sincerely, drunk me

Well, I think we should talk about me  
I've done some stupid shit you wouldn't believe (get ready)  
I broke into a house one night to charge my phone, hmm (is that even legal?)  
And then I drunk dialed my ex sixty times  
Yeah, honey, in one night (hello? are you there?)  
It's called making mistakes, and baby, that's how you grow (hello?)  
(If this is your voicemail, can you call me back?)

Yeah, sober me has learned to look the other way  
She knows all the best stories, yeah, they come from me

If you think that you're shitty, you're probably not

Yeah, nobody hates ya, especially me

Okay, okay, okay

Yeah, I don't know who out there needs to hear this  
Excuse me, hello, are you even listening?

If you think that you're shitty, you're probably not

Okay, whoa, I'm gonna get super deep  
Don't think for a second you're not, like, totally worth it  
Your mascara isn't running, your makeup's not ruined  
This message was brought to you by the drunk, crying  
Messing-up, probably-should-work-on-herself queen  
You know what, I'm trying my best but I'm just

I'm, I'm just not there yet  
Sincerely, drunk me
