

Really Real

Robyn

The silence gives it all away
Like nothing's ever going to be the same again
Tied up under your duvet
You're mid-performance, I'm planning my escape

Dedicated till the end
Right there when you call my name
I want to swallow, but it ain't the same
This is how it feels, is it really real?
Tell me how you feel
Is it real?

Is it really really real?
Baby, tell me how you feel
Is it really really real? Yeah
We're splitting up reality
And I slip out through the crack in between it
Is it really real?

We checked and there's been no mistake
Yeah, I'm afraid that feeling's not going away
It's too late, there's no one to save you
So this is where the shared experience ends

It's a complicated thing
When the world comes caving in
I'm flexing on you from a place between
This is how it feels

Is it really really real?
Baby, tell me how you feel
Is it really really real? Yeah
We're splitting up reality
And I slip out through the crack in between it
Is it really real?

Is it real?

Hi, Mom, what time is it where you are?
Don't worry about it, you can call me any time, älskling
Just make yourself a cup of tea and go to bed

Is it real?
Is it real?

Is it really really real?
Baby, tell me how you feel
Is it really really real? Yeah
We're splitting up reality
And I slip out through the crack in between it
Is it really real?
