

Should Have Known

Robyn

I should have seen it coming
I should have f*cking known
How I could I let you play me
I don't even know
I should have seen it coming
I should have f*cking known
How I could I let you play me
I don't even know

I'm such a fool
I can't believe I let you in my life
You broke the rules
But I should have known you'd do it all the time
Thought we were cool with everything
but who I'm kidding
It's every players favorite crime
To make you feel like it's all real
When it's a lie
And I should have known

I should have f*cking known
How I could I let you play me
I don't even know
I should have seen it coming
I should have f*cking known
How I could I let you play me
I don't even know

I should have known
My family they never did pretend
My mama felt she never liked you
neither did my friends
And then you blamed it all on me
I should have known that's what liars try to do
It wasn't me it was you
You're the fool and I should have known

I should have f*cking known
How I could I let you play me
I don't even know
I should have seen it coming
I should have f*cking known
How I could I let you play me
I don't even know

If your heart is simple just like mine is
Then you would know just how it feels
When someone takes advantage of your kindness
You think you're never gonna heal
If your soul is deep just like mine is
then you would know not to give up
Keep my faith even through the darkness
yeah I still believe in love
