

Every Kind Of Way

Rocco

Guess I'll never
Tell you how I feel
'Cause I avoid the truth
Mhm-mhm
Darlin'
Check the weather
'Cause if it's raining
I was made for you
Mhm-mhm
When you're in love
You'll understand
Nothing goes to plan
Like you want it to
Oh baby
So let's not play pretend

'Cause all it took
All it took was a look
From you
Oh, now everything
Yeah, you do
Makes my heart beat record pace
You're like a warm summer day
Now I'm wrapped around your finger
In every kind of way

When you pass by
Do you feel the butterflies
Eat you up inside
Like I do?
'Cause, baby
When you're close to me
Something takes over me, yes
I finally have a reason to try
But there was a time, I used to put my heart on a sleeve (on a sleeve)
Wondering aimlessly (aimlessly)
Hoping to find it all at once (once)
Wondering when she will come (Come, come)

But then all it took
All it took was a look (All it took, babe)
From you (Oh, from you)
Oh, now everything (Oh, now everything)
You do (Ooh-ooh, you do)
Makes my heart beat record pace
You're like a warm summer day (Like a warm summer day)
Now I'm wrapped around your finger
In every kind of way

Mhm-mhm
Every kind of way, babe
Mhm-mhm
You make my heart beat record pace
You're like a warm summer day
Around in every kind of way
