

# Ring!

Rocco

I used to stress about the simplest shit  
Like some white girl that I miss  
How did it come to this?  
'Cause now I'm

Standing by the phone hoping that it ring ring rings  
Was It just a one time thing or not (Ah ah)  
For a ring ring that ring ring (Ohh)  
Standing by the phone hoping that it ring ring rings  
Was It just a one time thing or not (Ah ah)  
For a ring ring that ring ring (Ohh)

Don't you ever call I just wondered if I missed it  
Maybe we're the same yeah we're just a couple misfits?  
Hotel in the city now I miss that glassy lipstick  
But now I'm ready oh now I'm ready 'cause  
I said, "I'm a sucker for this love shit"  
She said, "I just met you at a function"  
I never thought I'd get this far  
'Cause I (Ah-ah-ah)

Standing by the phone hoping that it ring ring rings  
Was It just a one time thing or not (Ah ah)  
For a ring ring that ring ring (Ohh)  
Standing by the phone hoping that it ring ring rings  
Was It just a one time thing or not (Ah ah)  
For a ring ring that ring ring (Ohh)

Ooh-ooh-ooh-ooh-ooh  
Doo-ooh-ooh-ooh-ooh  
Hit me with that call back  
Will she ever call back (Oh-oh)  
Only time can tell

Your call has been forwarded to an automated voice messaging system  
At the tone please record your message  
When you finish recording you may hang up
