

## Romeo

Rocco

Party light, hit your face, while you twirl  
Your breath smell like goose  
I'm not over you  
I waited too long  
So I wrote you a song

If this love  
'Cause I don't want it  
No, I don't want it  
Oh, but I'm sure  
That I'll do it over  
And over, and over again  
Only, only, for you, baby  
Only for you, baby  
I, I need you right by my side  
Darling, would you live when I'm dead?  
If you had the chance to call me your man  
Where was that? Ah  
I'll do it over  
Over and over again  
Over again

Party light, hit your face, while you twirl  
Your breath smell like goose  
I'm not over you  
I waited too long  
So I wrote you a song

If this love  
'Cause I don't want it  
No, I don't want it  
Oh, but I'm sure  
That I need you right by my side  
I, I need you right by my side  
Darling, would you live when I'm dead?  
If you had the chance to call me your man  
Where was that? Ah
