

Soda

Rocco

Yeah, your lipstick stain my cheek
Didn't notice till the morning

Your tanlines and your brown eyes
Now they just memories
Did you forget me

Girl, you sweet
Like sugar gave
You my heart in late October
I'd fall in love
Over and over
(One, two, three, ah)

Soda pop, baby, you so sweet
Like my soda pop
Always on my mind
Baby it don't stop
You my soda pop

We just met
Makes no sense
How you took my heart
From my chest

I'm a mess (I'm a wreck)
And your perfect
No need to fret, girl
Cause your worth it

Let me be your number one
Your lover boy

Your shoulder when you need it
Baby do you see it that
I need you (woah)
Cause you my

Soda pop, baby, you so sweet
Like my soda pop
Always on my mind
Baby it don't stop
You my soda pop

Soda pop, baby, you so sweet
Like my soda pop
Always on my mind
Baby it don't stop
You my soda pop

And I, I, I, I, need you
And you, you, you, you, need me
And only time can tell
If your really the one for me
But I know your my

Soda pop, baby, you so sweet

Like my soda pop
Always on my mind
Baby it don't stop
You my soda pop

Soda pop, baby, you so sweet
Like my soda pop
Always on my mind
Baby it don't stop
You my soda pop
