

## Wrap Me Up

Rocco

I'll wait by the fire  
I'd wait 'til the flame  
I'm hoping you'd come home  
To me and this fireplace

The snow is falling  
Oh, I know I'd be calling  
For you to hurry up  
'Cause this fire's not enough

So why don't you wrap me up  
In your arms so tight  
Like the presents laid out on the floor  
Baby, it's cold out there, but it's warmer inside  
So wrap me up for Christmas tonight  
Tonight

Would you wrap me up for Christmas?  
This very special Christmas tonight

What would it take to steal a kiss from you?  
How many mistletoes for you to move my way?  
I know it's hard enough alone  
On these cold winter days  
Once you're on your way

I'm hoping you wrap me up  
In your arms so tight  
Like the presents laid out on the floor  
Baby, it's cold out there, but it's warmer inside  
So wrap me up for Christmas tonight  
Tonight

Would you wrap me up for Christmas?  
This very special Christmas tonight
