

# Cross My Heart and Soul

Roch Voisine

There may come a time  
In anybody's life  
When all they ever dream about comes true  
Overnight  
You're that shinning star  
The one I've waited for  
For so long  
Cross my heart and soul  
I'll never let you go  
I'll take you in my arms  
We'll find our way to heaven  
Cross my heart and soul  
Everyday until you understand  
Your every wish is my command  
Baby it's true  
That here in my heart  
You'll always have a home  
Whether we're together or apart  
You're never alone  
You should know by now  
And if there is a doubt in your mind  
Girl I'll cross my heart and soul  
I'll never let you go  
I'll take you in my arms  
We'll find our way to heaven  
Cross my heart and soul  
Everyday until you understand  
Your every wish is my command  
You're safe in my hands...  
I promise to be true  
To nobody but you...  
Cross my heart baby  
Cross my heart and soul  
I'll never let you go  
I'll take you in my arms  
We'll find our way to heaven  
Cross my heart and soul  
Everyday until you understand  
You know your safe in my hands  
Cross my heart and soul  
I'll never let you go  
I'll take you in my arms  
We'll find our way to heaven  
Cross my heart and soul  
Everyday until you understand  
You know you're safe in my hands...
