

Virtual Cowboys

Roch Voisine

Virtual Cowboys
He's a virtual cowboy
Riding for love
He's been through sunsets before
And he's back for more
She's a virtual cowgirl
Riding on trust
She's surfed down that highway before
And she finds it hard to reach the shore

Give me your love
Send me your soul
I will find it
Somewhere down the road
Give me your heart
Send me my dream
I'll be waiting

He's a logical
It all should make sense
The key to his heart
Is linked to his head
She's hopelessly hopeful
And helplessly heartfelt
She lives through the wire
Most every night
Alone in her bed

You close your eyes
And you hold your breath

Give me your love
Send me your soul
I will find it
Somewhere down the road

Waiting
I'll be waiting
I'll be waiting for you
I'll be waiting
I'll be waiting
I'll be waiting for you
