

What Ever It Takes

Roch Voisine

It takes heart
And it takes muscle
It takes smart
And sometimes gentle
It takes tough
And sentimental
Love can take a lot
I'll give it all that I've got
Whatever you need
Whatever let me know
Whatever you want
Whatever just say so
If there something missing
In your life
You can call me up
I'll try to me it right
Whatever it takes
It takes time
And it takes money
It's sometimes rough
And sometimes funny
It takes nerve
Yeah, it takes plenty
I can't speak for you
But there is a lot we can
Do
Whatever you need
Whatever let me know
Whatever you want
Whatever just say so
If there something missing in your life
You can call me up
I'll try to me it right...whatever it takes
I can't speak for you
But there is a lot we can do
Whatever you need
Whatever let me know
Whatever it takes
Whatever just say so
Whatever you need
Whatever let me know
Whatever it takes
Whatever just say so....
Whatever you want
Whatever you need
Whatever you like
Whatever you say
Whatever happens
Whatever it takes
Whatever
Whatever
Whatever
Whatever...
You can call me up,
You can call me up now....
