

# Babygirl

Rockapella

Babygirl, Let me wrap these arms around you  
Babygirl, like you wrapped my heart around your every move  
Let me cradle you tonight

Babygirl, Now I said words don't come easy in my world  
But you've opened up a door to someplace new  
and there's a wonderland inside  
and all I'm feelin, I can't hide

Say I'm the love of your life  
I ain't afraid to say I'd die without you  
Tell me you're mine from tonight  
It's clear to me that I will always love you  
Always  
Lady say you'll be my

Babygirl, In your eyes there lies a heaven  
Babygirl, What could I hope to offer in return?  
I'll give my life to find a way to see you happy everyday

Say I'm the love of your life  
I ain't afraid to say I'd die without you  
Tell me you're mine from tonight  
It's clear to me that I will always love you

Say I'm the love of your life  
I ain't afraid to say I'd die without you  
Tell me you're mine from tonight  
It's clear to me that I will always love you  
Always  
Lady say you'll be my  
Always  
Lady say you'll be my

You are the love, the love of my life  
Tell me you're mine baby, tell me tonight...  
Say you're mine
