

## Jenny Come Away

Rockapella

Fishtails and dust clouds in my wake  
Blow the roof off this Popsicle standin still  
I will not run around  
You're all that's holding me here

Jenny come away I'll drive you play  
We'll grab today and rule tomorrow  
Jenny Lee let's get away - hey

No stop till oceans in my face  
\*Bound to be some sultan between this town and there  
the Times Square Hollywood

Anywhere the wind blows  
Don't care anywhere,  
Honolulu, Malibu, to Mexico  
Let's Go

Jenny come away I'll drive you play  
We'll grab today and rule tomorrow  
Jenny Lee let's get away - hey

Jenny come away with me baby,  
Jenny come away with me now  
Jenny come away with me, baby, come away  
Jenny come on...

Stop thinking heaven's on its way  
Ride the road right by your driveway  
Out your window and run  
(ooh aah we're runnin now)  
Look out, Heaven's ahead

Jenny come away I'll drive you play  
We'll grab today and rule tomorrow  
Jenny Lee let's get away - hey

Jenny come away, I'll drive, you'll play, we'll grab today  
Runaway Jenny runaway - repeat
