

Shemibos

Rockapella

Come on baby give me your eyes now
Come on baby give me your smile now
Come on baby give me your lips now
Come on baby give me your hips now shake

When my eyes caught you walking by
I didn't know what to say cause I was shy
Everybody wants you to know
I'm gonna tell you what I want you to show
We've known each other for a long long time
You started looking so fine
I got on my knees
And I said please

Come on baby give me your eyes now
Come on baby give me your smile now
Come on baby give me your lips now
Come on baby give me your hips now

Come on baby give me your face now
Come on baby give me your taste now
Come on baby give me your way now
Come on baby won't you sit right here and play

I'm so in love with you can't you see I'm here
(baby that's nice but I...)
We've been together like birds of a feather
(look I know...I just can't right now)
I want you...I've gotta say yeah

Chorus

I've gotta tell you what I want to say
I'm gonna tell you what I've gotta say
