

## Let's Get Busy

Rocket from the Crypt

Do you remember the time,  
I first held your hand,  
Well that sure felt good enough to me  
My wet grip was numb, my apology dumb  
For pushin' when you say I got to wait.

You say I got to wait, don't tell me -  
Don't tell me 'cuz I want to know  
I got to know 'cuz it's my...

Do you remember the tim I started groovin' you  
I told you plans to marry you real soon.  
We talked about stuff, we don't talk about much  
And we don't have time for talkin' in between.  
We'll buy matching rings and we'll flash 'em 'bout town  
Our happiness will blind 'em with our teeth.  
Do you remember the time I first held your hand,  
'Cuz like that time don't tell me I got to wait.

You say I got to wait, don't tell me -  
Don't tell me 'cuz I want to know  
I got to know 'cuz it's my business  
Let's get busy  
It's my business, let's get busy  
It's my business, let's get busy  
Busy with me.  
It's my business, let's get busy  
It's my business, let's get busy  
Busy with me.

Alright now, huh, huh, huh...

Wait, you say I got to wait, don't tell me -  
Don't tell me 'cuz I want to know  
I got to know 'cuz it's my, it's my, it's my  
It's my business, let's get busy  
It's my business, let's get busy  
It's my business, let's get busy  
Busy with me.  
It's my business, let's get busy  
It's my business, let's get busy  
Busy with me.  
Whoa, yeah  
Whoa, yeah, huh  
Whoa
