

Outsider

Rocket from the Crypt

Cancel my subscription, tear my tickets up
Protected from politics, so kick me in the cup
A violent paranoia wanted dead or dead
Love it or love it, choose between shit or f**k

Destroy Un-American
I don't care if they can
Wading in American't
Will you die for it

Whooah!
Outsider
Just leave us alone
Whooah!
Outsider
Just leave us alone

Somewhere in the darkness
They wipe with red, white, and blue
They beat their women more than they should
I seen it on the news
Cancel my subscription, tear my tickets up
Protected from politics, so kick me in the cup

Destroy Un-American
I don't care if they can
Wading in American't
Will you die for it

Whooah!
Outsider
Just leave us alone (6x)
