(Whoa)  
Turkish revenge!  
A young Turk's delight

Take the blade I don't understand him  
This rush just lives inside my veins  
Take the blade I don't understand him  
This rush just lives inside my veins  
Take the blood I don't understand him  
This rush just lives inside my...  
Was this about, about mystery?  
Was this about, about love?
