

# Difference

Rockie Fresh

Got this money on my mind but  
Lately I've been giving all my time up  
Trying to figure out what's going on  
Seems like everything is going wrong  
I wonder if I'll make it home

Started to notice the difference  
Saw it in her when she moved  
Said I started to see all the changes  
She thought she could hide it too  
Started to think we could make it  
Mistaken to think that we could have worked it out  
Said I started to believe that, maybe we can be that  
Think that we'll last forever

Ohhhh, ahhh  
Said my mind's made up  
Said my mind's made up

And lately I've been smoking more than regular  
Been going out of zone like I can't get enough  
Another girl call when you hanging up  
I'm just too young to handle love  
But I tried so, it was taking all my time though  
Disrespecting on my grind though  
This drama in my mind though  
Should know that you was fine though  
Trying not to get behind  
That ass so fat when I get behind  
Wishing I could take my time  
Said I'm wishing I could take my time

Nahh I got my mind made up  
My mind made up  
Nahh I got my mind made up  
I got my mind made up
