

PLAYING IT COOL

Rockie Fresh

I had to pay my respects
You know I done got a little check
You know that I hit it the best
I'm keeping it wet, yeah
I'm tryna give you the truth
Wanna see it, I'll show you the proof
But you know I ain't playing the fool
I'm playing it cool, yeah

I like how you do what you do
Baby, you playing it cool
I like how you making your moves
You playing it cool, yeah
Bring all your girls, y'all a group
Ain't no groupie but I fuck the crew
And you like how I'm making my moves
I'm playing it cool, yeah

You can turn me to a fan, yeah
Like how you keep it a grand, yeah
Hop in that 8 when I land, yeah
You know what it is when you call
Heat it up and let it cool off
How you pack it up just like a U-Haul
Front row, fashion show in New York
That's for real, yeah

I take it out, you know how to act
We take it slow like we sipping Act
I'm blowing this blunt, I blow out your back
It feel like it's crack, yeah, yeah

We making a movie when we hit the strip
They gotta see it, a box office hit
You do your own stunts, you making it flip
I switch up the scene and stick to the script

And you really know what it is, yeah
Take these hundreds and wipe all your tears, yeah
You already got a kid, you might need a whole nother kid, yeah
Had the Greg Lauren low your fit, yeah
Had the Rolex show wrist, yeah
Just to show you it's your time, yeah
Had to cut 'em off and make you mine, yeah

I had to pay my respects
You know I done got a little check
You know that I hit it the best
I'm keeping it wet, yeah
I'm tryna give you the truth
Wanna see it, I'll show you the proof
But you know I ain't playing the fool
I'm playing it cool, yeah
Bring all your girls, y'all a group
Ain't no groupie but I fuck the crew
And you like how I'm making my moves
I'm playing it cool, yeah
