

Forever

Rocko

Forever, forever
Forever, forever
Forever, forever
Forever, forever
Forever, forever

Never gonna let you leave
Ain't gonna let you
As long as they [?] you
I'm a get you
Stay real, I'm loyal
I'm forever yours
I'm forever yours
Your mine for me
If you have my sperm, I'm forever yours
I'm forever yours
Forever ain't long no
Forever a day
It's like it's been forever
I feel like it took forever

I swear you changed my life
Baby, I'm better
I swear I'll keep you with me
Every day, forever
Heart breaks don't break even into pieces
It will take forever to put them back together
She always made me smile [?]

Forever, forever
Forever, forever
Forever, forever
Forever, forever
Forever, forever

Never gonna let you leave
Ain't gonna let you
As long as they [?] you
I'm a get you

We're teenage love
Her and I started fucking around when I was a teenage
She put her hooks to me
I got addicted to the first time
Ain't nothing like the first time
I'll be feeling, I'll be kicking
I ain't been sleeping
I still wanna touch you, I wanna hold you on me
You're my baby, you're my partner, you're my homie
Remember how I met you?
My partner put me on you
I mean you put you on me and we took off
Since we are together we've been inseparable
Since I love you to pieces, every scent

Forever, forever
Forever, forever

Forever, forever
Forever, forever
Forever, forever

Never gonna let you leave
Ain't gonna let you
As long as they [?] you
I'm a get you
