Girls gone wild, this the situation  
I'm giving them penetration  
I'm hitting them with no hesitation  
When I hop up by the car I'm cleaning the sanitation  
When a bitch get out of line I put her on probation  
I put dick all up on her throat and let her dunk it like a basketball  
Shorty gave me head so long she need a tylenol  
Girl gone wild, they be jocking on me and no attention  
You bitch I got five of them  
Drop down in the city got drop top head  
Hop in the car I want drop top head  
Girls gone wild but I be going insane  
And that oh you got glasses damn  
Shorty got some fame she look right  
Yeah, I said that right come rock my mic  
Got a lot of bad hoes man I hit a dyke  
Big old player bitch you God damn right  
Hold up bitch you can't be typical  
You got to go out that's the only way I'ma do it  
My songs dripping, I'm fucking her with precision  
And when we got through that bitch said I'm finger licking  
Shorty said she like hoes, send me two

Two hoes in a tudor, chickens in the coop  
And I got a bitch pussy getting wet in and out  
She remind me I'm a gator, the bitch gone wild
