My bitch the baddest it may be my status  
May be my ashton it may be black magic  
Maybe I'm destined maybe it's blessings  
Maybe my cubans just got me connected  
I may be the best no second guessing  
I go get them checks I be the freshest  
Boost cost a stack that's just 10 hundreds

Or maybe cause I only smoke and eat white  
Or maybe it's my aura
