

# Tulips

Rocko

Tulips, tulips, tulips, tulips  
Tulips, tulips, tulips, tulips  
Aye it's like roses are red  
Violets are blue  
Yeah better have them tulips for you  
I like tulips for you  
I buy them tulips for you

I'm talking bout them tulips under your nose  
I'm talking bout them tulips under your clothes  
I was staring, can't say I wasn't  
I take them tulips I'll need over a dozen  
For her a MAC, she keeps her lipgloss intact  
All her pants come from Saks but they look like they Gap  
It's like them tulips made of gold  
Bring me more to help me think  
I like them weasley cause they green  
I like them tulips cause they pink  
Aye she too real, too hot, too big  
She too nice, too slick  
Two minutes, too quick  
She too hype, she too bad  
I can't wait to hit  
I'm too sprung, bring her to me been waiting too long  
Started at twosome, don't need no threesome  
Get two on, man down she wanted two - one, she too fun  
Slept too good, I'm too hood, we too lit  
I got two rows, better have your tulips

Tulips, tulips, tulips, tulips  
Tulips, tulips, tulips, tulips  
Aye it's like roses are red  
Violets are blue  
Yeah better have them tulips for you  
I like tulips for you  
I buy them tulips for you

Oh baby come kiss on me  
Wherever you at, come put them tulips on me  
I put that stick on her  
I like that grip on her  
Her pussy smell like tulips  
They say the prettier the rose  
But the sharper the thorns  
She put that flower in her hair  
Then she knows what she's doing  
I told her bring them tulips plant em on me  
I let her garden my seeds  
Now she smashing rose petals she bossy  
Now she walk on rose petals, she glossy  
That's awesome, but all that I need  
Is for you to leave and bring them tulips to me  
Aye, aye, aye call me 2k, Tuesday  
With the bouquet, but all I need is tulips  
All eyes on you I'm talking tulips  
She too lit, her tulips

Tulips, tulips, tulips, tulips  
Tulips, tulips, tulips, tulips  
Aye it's like roses are red  
Violets are blue  
Yeah better have them tulips for you  
I like tulips for you  
I buy them tulips for you
