

## 10x Harder

Rod Wave

What you lookin' at  
With yo lookin' ass  
I heard you gettin' mad, cause we countin' cash  
I heard you in yo feelings, cause we chasin' Millions  
Stacking money to the ceiling, got my people trippy  
I gotta go and get it, gotta make them feel it  
Oh you can't take it, but you can dish it  
I don't do no dick ridin' or no ass kissin'  
Act different, I go missing like my last bitches  
Til I die imma grind with a point to prove  
Fat fly nigga floatin' in a Audi coupe  
Know you lied when you told them that I wasn't the true  
Know you lied when you told them that I wasn't the true  
I been stacking money to the ceiling  
I been catching flight I don't catch feelings yea  
Imma do them niggas how they did me yea  
Imma do them bitches how they did me yea  
But imma come back 10x harder yea  
Imma take that gold drip it in water yea  
Imma paint my path and then go farther yea  
Imma come back 10x harder yea

I been stacking money to the ceiling  
I been catching flight I don't catch feelings  
Imma do them niggas how they did me  
Imma do them bitches how they did me  
Imma come back 10x harder yea  
Imma take that gold, drip it in water yea  
Imma pee my path and then go farther yea  
Imma come back 10x harder yea
